Human Bodily Fluids

Bloodborne Pathogens

- To remove gloves, avoid touching contaminated areas of the glove and wash hands thoroughly with soap and water.
- When danger of splashing exists, wear a face shield to prevent human bodily fluids from getting in your eyes, mouth, or nose.
- Avoid getting human bodily fluids in open sores or wounds.
- If human bodily fluids come in contact with your skin, wash the area immediately with soap and water and rinse.
- University Police will contact Custodial at 5875 or Auxiliary Custodial at 6189 for cleanup of human bodily fluids.
